

# A **FREE** must-attend event for Nurses & Clinicians

## Medicine and Me: Unmasking Lipoedema A women's health condition hidden in plain sight

September 16: 2-6pm

Join us for an inspiring and educational free webinar offering comprehensive insights into lipoedema, bridging the gap between medical knowledge, patient experience and future care

**Session 1:** Understanding Lipoedema: Foundations of diagnosis and management

**Session 2:** Lipoedema Management in Primary Care: Challenges in Primary Care, emerging anecdotal evidence on GLP-1 and the role of nutrition

**Session 3:** Liposuction in Lipoedema: A German approach to liposuction, updates on the LIPLEG study and implications for the UK

**RESERVE YOUR FREE PLACE!** Go online to:
